

LEARNING ABOUT OUR WORLD

Holy Spirit Catholic Primary School became a multicultural community when the whole school took part in a focus week on the theme of 'Our World'.

Each class looked at a different country from the Nursery to Year 6. Some of the countries visited included Kenya, Russia, Australia, Spain, Greece, Austria, France and India.

The children experienced a variety of exciting activities related to their country, for example traditional dancing linked to each of the countries.

Year 1 children worked with their parents to make African hunts - which put the teachers to shame! Reception children dressed in Indian costumes, performed an Indian dance and were rewarded for their effort with an Indian banquet. This was served by Martin Cox, EAZ Project Director, and was enjoyed by all.
