

BIG BOOK EXCITEMENT

Infants at Ashurst Primary School are very excited about a new resource for their Literacy sessions

Over the past few years the school has invested a lot of money in developing our reading and writing schemes and, with great thanks to the EAZ, we have been able to extend the range of books and resources available to interest and stimulate our children's learning.

The juniors have been lucky enough to have CD-ROM versions of the Pelican Interactive Big Books, to use in shared reading and writing sessions. Unfortunately, the publishers didn't have the KS1 versions available at the same time – not until recently that is.

All of which takes us back neatly to the excitement in the infants – because we have now been able to buy the KS1 versions to use with our interactive whiteboards. We all love the opportunities these special boards open up to us, so the new Interactive Big Books are going to make Literacy lessons even more fun! Thank you so much E.A.Z.
