Jimmy first started his professional career at the high profile club West Ham United. He played alongside England Internationals Joe Cole, Rio Ferdinand and Frank Lampard. He signed for Wigan Athletic when they were competing in the Second Division.

Jimmy strolled into the room where we were waiting to interview him. The Premiership star came in and sat casually on the edge of the table. still wearing his training clothes.

First of all we asked how he got into football and he explained how he had just played it as a kid and it just developed from there.

Our second question was, if he could play for any team in the world which one would he play for and why.

He revealed that he would like to play for Real Madrid or Barcelona. When we asked him why, he described how he liked the kits!

When asked which player he would like to join him at Wigan Athletic, he told us, with a one word answer, Ronaldinho.

After asking who was the toughest player he'd ever played against, without hesitation, he revealed - Steven Gerrard.
